

**Katherine Kaminski, Intern**

[katherinek@brownflynn.com](mailto:katherinek@brownflynn.com)

Katie brings to BrownFlynn her passion for designing and implementing sustainable best practices, as well as a wide range of work experience and knowledge. Originally from Pittsburgh, Katie received her Bachelor of Business Administration in Marketing from Kent State University and her Master of Business Administration in Strategy and Sustainable Enterprise Discipline from the CASE Weatherhead School of Management where she spent a year as the Graduate Teaching Assistant for the Marketing & Policy Studies Department. She was a Territory Sales Coordinator at the Pepsi Bottling Group, Fellow at The Entrepreneur's EDGE and a Project Manager and Sustainability Consultant at Carbon Vision before joining our team in July 2010. Katie's interest in public policy relative to corporate responsibility served her well as a Panel Recorder for two meetings of the United Nations Global Compact U.S. Network. In her free time Katie is an accomplished painter and dancer.
